

## Carbide Saw Blade Sharpening Order Form

Your saw blade(s) will be cleaned and sharpened to OEM quality or better, dipped in protective wax coating and shipped from our shop within 5 to 7 business days of receiving.

**Shipping:** All items are returned using UPS Ground. You may use our supplied shipping label regardless of your blade count. If you're sending in 5 blades or more you will not be charged for shipping either inbound or return. If you use our label and are sending in less than 5 blades, you will be charged \$15 for inbound shipping and \$15 for return shipping. **\*\*Due to our streamlined process, if you send in blades using your own shipping method, we will no longer be giving credit for inbound shipping\*\***

### Additional Charges

**Tipwork:** We will automatically replace up to (2) tips on each blade, at a rate of \$5.75 per tip. Any additional tips must be authorized. You can use the below section to authorize additional tipwork. You may also specify only specific blades to receive the additional tips, as we recognize some blades are more valuable than others. We will only replace tips if they are needed and only up to the authorized amount. Any blades needing more work than is authorized will be returned with a "no grind" charge.

**Pre-Authorization:** I authorize Family Hardware to replace up to \_\_\_\_\_ tips at **\$5.75** each for **all blades or only** the following blades: \_\_\_\_\_.

**No Grinds:** All blades in our shop are cleaned and inspected, we also incur inbound and outbound shipping charges on all blades, due to their weight, regardless if they are able to be sharpened or not. Blades unable to be sharpened will incur a charge of \$2.50. This helps subsidize the labor of checking in and inspecting the blades along with the shipping fees associated with these blades.
